

**Micropole : First quarter 2011 turnover up 15% to €28.8 M**  
*9,6% organic growth*

MICROPOLE, a European company specialized in the Business Intelligence, Web & IT, ERP and CRM fields, achieved a turnover of €28,8 million Euros over the first quarter 2011, a 14.7% increase over the €25.1 M turnover achieved in the first quarter of 2010.

Integrating the figures of the Belgian Company Oasis (acquired in January 2011), the organic turnover on a like-for-like basis over the first quarter stands at €27.5 M, up 9.6% over the previous financial year.

This significant increase is in line with the tendencies already noticeable in the last quarter 2010. Group business is positively headed in the right direction on all business offers with higher input from the BI and ERP lines. Turnover is also showing considerable growth in Switzerland and Belgium.

Christian Poyau, C.E.O. of Micropole, comments « Prospects for FY 2011 are good for all our business lines across all locations. The headcount is also increasing, with new intake totaling over 100 since the beginning of 2011.
